Terms and Conditions

- Participants must be City of Ames Electric Services' customers.
- Rebates will not exceed 50% of equipment cost.
- Cases where the incentive is estimated to exceed \$15,000 are evaluated on a case by case basis.
- All claims must be pre-approved by City of Ames Electric Services. Call 239-5177.
- Incentive will be calculated as qualifying kW generated x \$500.
- **Rebate is for photovoltaic generation that reduces the City of Ames Electric Services' summer peak-time kilowatts (kW).**
- **System must be installed and generating before application for rebate can be made.**
- **Systems qualifying for rebate must produce electricity during the hour of 5:00 pm to 6:00 pm in the months of June, July, August and September.**
- **Rebate will be paid based on the maximum kW generated during the above described timeframe. An hourly estimate of system output from National Renewable Energy Laboratory's (NREL's) PVWatts (<http://pvwatts.nrel.gov/>) is required.**
- **An executive summary must accompany this claim form that:**
 - **1. Outlines the system installed.**
 - **2. Provides array generation during the peak time given above and outlining the assumptions used to determine array output. All data is subject to verification.**
- **Electric Services reserves the right to question assumptions leading to array output estimates.**
- **Proof of purchase (ownership) for the photovoltaic system must accompany this rebate application.**
- Generation must be provable and verifiable.
- All claims are subject to inspection.
- All claims are reviewed by City of Ames Electric Services. Electric Services reserves the right to deny any claim that does not meet the goal of reducing utility summer peak-time demand.
- Applications must be completed in full, incomplete applications will delay processing and may be returned.
- Applications must be submitted within 60 days of the end of summer metered kW generation unless otherwise authorized.
- Rebate checks will be issued to property owner unless otherwise established prior to submission of application.
- City of Ames Electric Services reserves the right to verify kW generation of equipment.
- Rebates may be subject to income tax. Consult your tax advisor for more information.
- Rebates are subject to availability of funds.
- City of Ames Electric Services reserves the right to claim Renewable Energy Credits (REC's) available from this installation.
- This program is subject to change or cancellation without notice.
