Notice of Construction

S. Duff Avenue

Starting Date: Weather permitting, beginning on **Monday, July 17th**.

Description of Work Activities: The City of Ames has contracted with Con-Struct, Inc. to do improvements in your area. This work will involve removing pavement in order to install curb and gutter on the east side of S. Duff.

Anticipated Duration: Anticipated duration is 3-5 days. Construction in your vicinity may not extend for this entire period.

Action Required by Residents: The outside lane will be closed heading northbound on S. Duff from **U-Haul north to Wendy's**. Access will be available for each business entrance. All are encouraged to take note of this construction activity in the area and allow extra travel time as **delays may occur**. As always, caution should be exercised when traveling through the construction area.

As with all paving operations, saw cutting of joints in newly poured pavement is critical and it may be disruptive beyond normal work hours.

For safety reasons, please keep children and pets away from the construction zone.

Please forward your email to jcampa@city.ames.ia.us in order to receive future notices.
