

STATISTICS ON **WILD ANIMALS** 2005-2024

We believe every single beating heart matters regardless of age, breed, species, gender, background, behavior, health, or any other factor. They are a living creature that deserves the respect and effort it takes to save their lives when we can, and it's something we're incredibly proud to be successful at. When working with wildlife, it is always our goal to educate the public on how to live with wildlife successfully, as well as build successful relationships with rescues and rehabilitation groups to help sick, injured or orphaned wildlife whenever possible and reserve euthanasia for only cases in when the animal is irremediably suffering.
