**Starting Date:** Weather Permitting, Friday **June 26, 2026.**

**Description of Work Activities:** The City of Ames has contracted with Iowa Water & Waste Systems to complete improvements in your area. You may notice utility flags as the underground utilities are located prior to construction commencing.

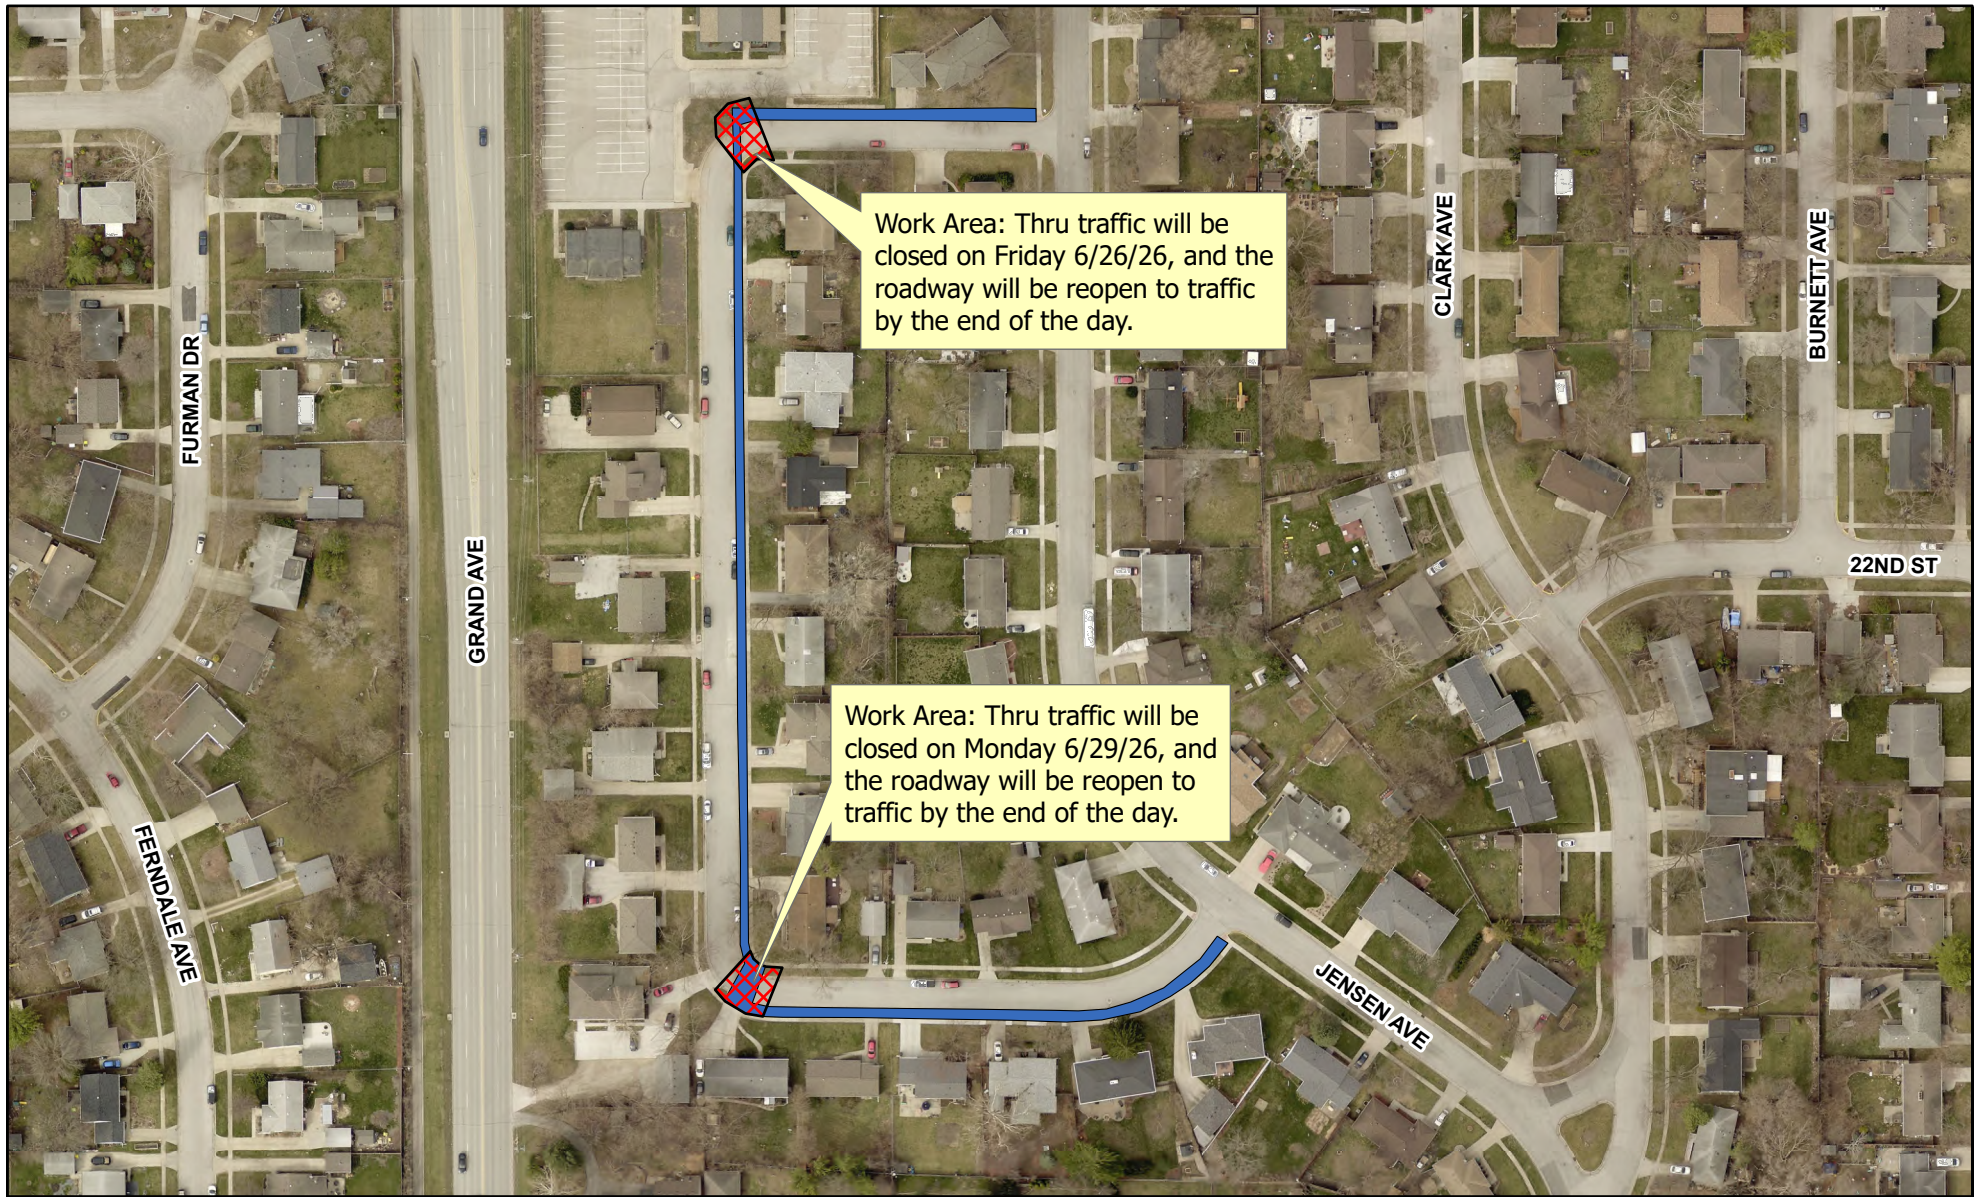

**Starting June 26<sup>th</sup>,** Iowa Water & Waste Systems will continue working on the water main improvements on Barr Dr. The water main installation will be completed using trenchless method; therefore, all driveway access will remain open during this phase. **To facilitate the work, the contractor will temporary close two locations along Barr Drive to complete excavation activities. Each closure is expected to last one day, and the roadway will be reopened to traffic by the end of the same day.** Further notices will be delivered as construction proceeds.

**Anticipated Duration:** The contractor is anticipating **8 to 10 weeks** to complete this phase. Construction in your vicinity may not extend for this entire period.

**Action Required by Residents:** Residents are encouraged to utilize on-street parking when access to their driveway is not available. **There are a few driveways that will need to be temporarily closed during the water main connection work.** Those whose driveways will be blocked will be notified. The map on the back of this sheet shows the extents of work area. All are encouraged to take note of this construction activity in the area and allow extra travel time as *delays may occur*. As always, caution should be exercised when traveling through the construction area.

*For safety reasons, please keep children and pets away from the construction zone.*

# 2025/26 Water System Improvements Program

Proposed New Water Main

Excavation Area

**Barr Drive - Jensen Ave to Jensen Ave**
