Notice of Construction

SOUTH 16TH STREET

Ramp Improvements at S. 16th St & University Blvd

Starting Date: Weather permitting, **Monday July 20, 2026.**

The City of Ames has contracted with Con-Struct to do improvements along S. 16th Street. You may notice utility flags as the underground utilities are located prior to construction commencing.

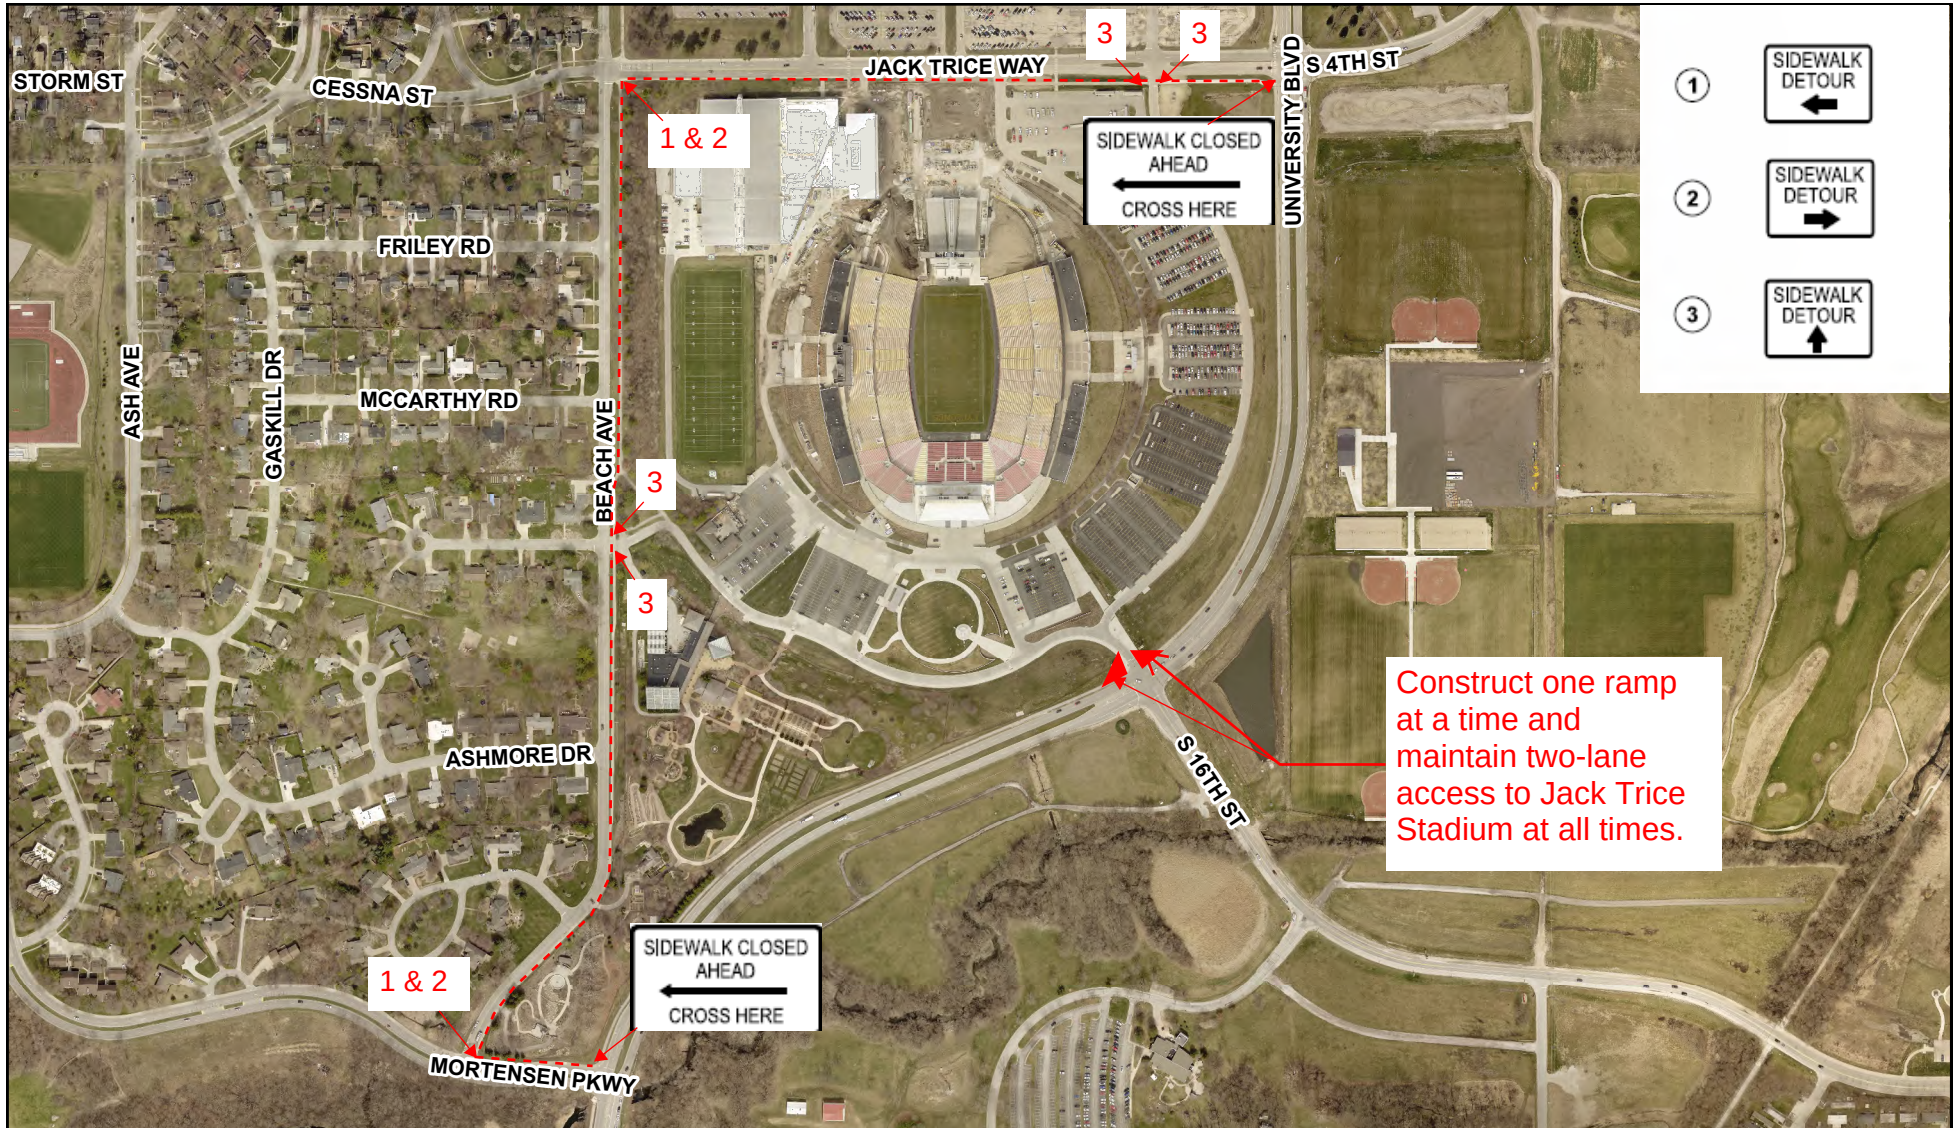

On Monday July 20th, Con-Struct will begin sidewalk ramp improvements at the intersection of S. 16th St and University Blvd. This work will require closure of the sidewalk along University Blvd. Pedestrians and bicyclists should follow the posted sidewalk/trail detour route.

To minimize traffic impacts, the sidewalk ramps will be constructed one at a time, maintaining two-lane access to Jack Trice Stadium at all times.

Anticipated Duration: The contractor is anticipating 2 weeks to complete this work.

Action Required by Public: The map on the back of this sheet shows the approximate extents of the construction zone. All are encouraged to take note of this construction activity in the area and allow extra travel time as *delays may occur*. As always, caution should be exercised when traveling through the construction area.

South 16th Street Widening

Intersection of S. 16th St & University Blvd
