

AMES ANIMAL SHELTER & ANIMAL CONTROL Euthanasia

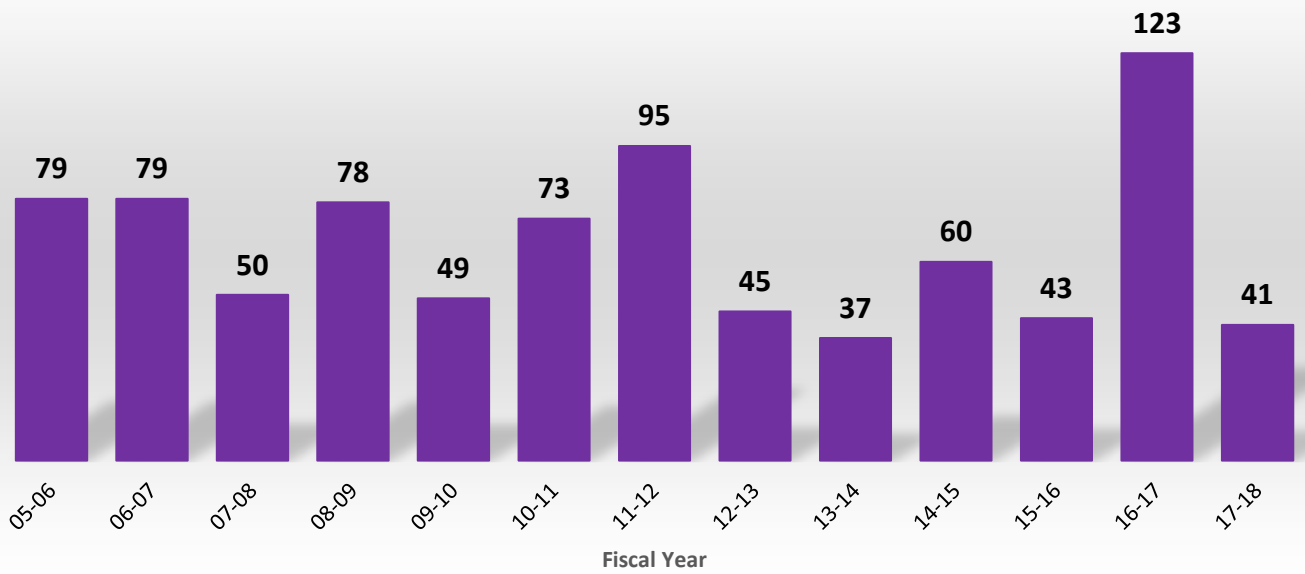

At the Ames Animal Shelter & Animal Control, we are proud to be a NO KILL, progressive animal care and adoption facility. We believe that euthanasia should only be considered when it would end the irremediable suffering of an animal or when it has been shown to pose a severe threat to the safety and well-being of our community. Although the accepted Live Release Rate to be considered a NO KILL agency is at least 90%, we strive for and have achieved a Live Release Rate of over 95% for ALL domestic animals including cats, dogs and rabbits.

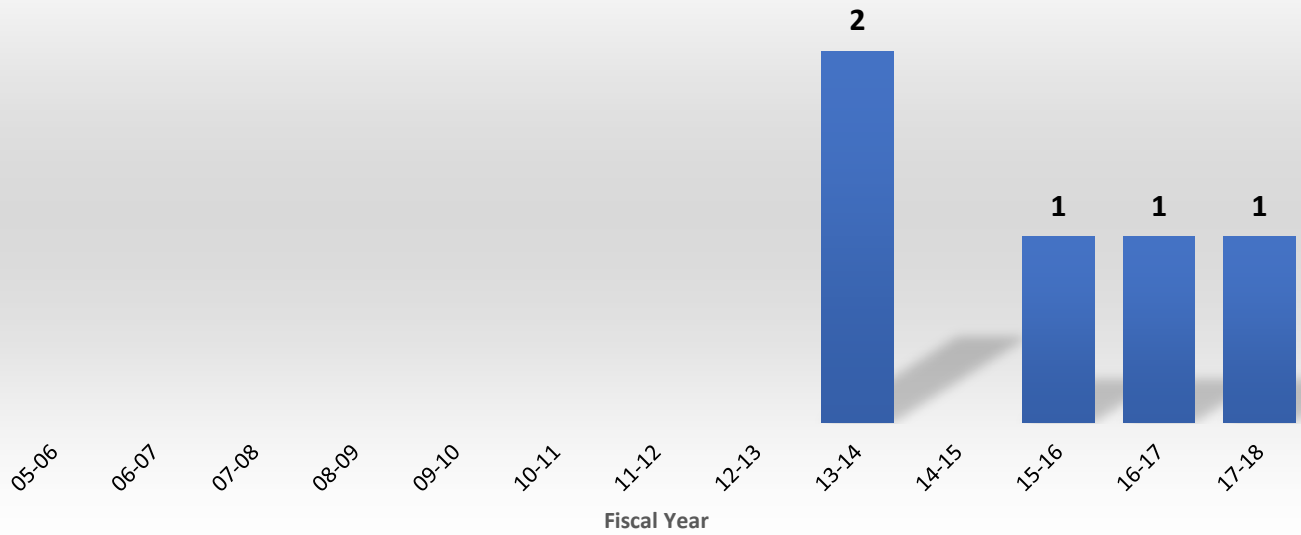

Rabbit Euthanasia

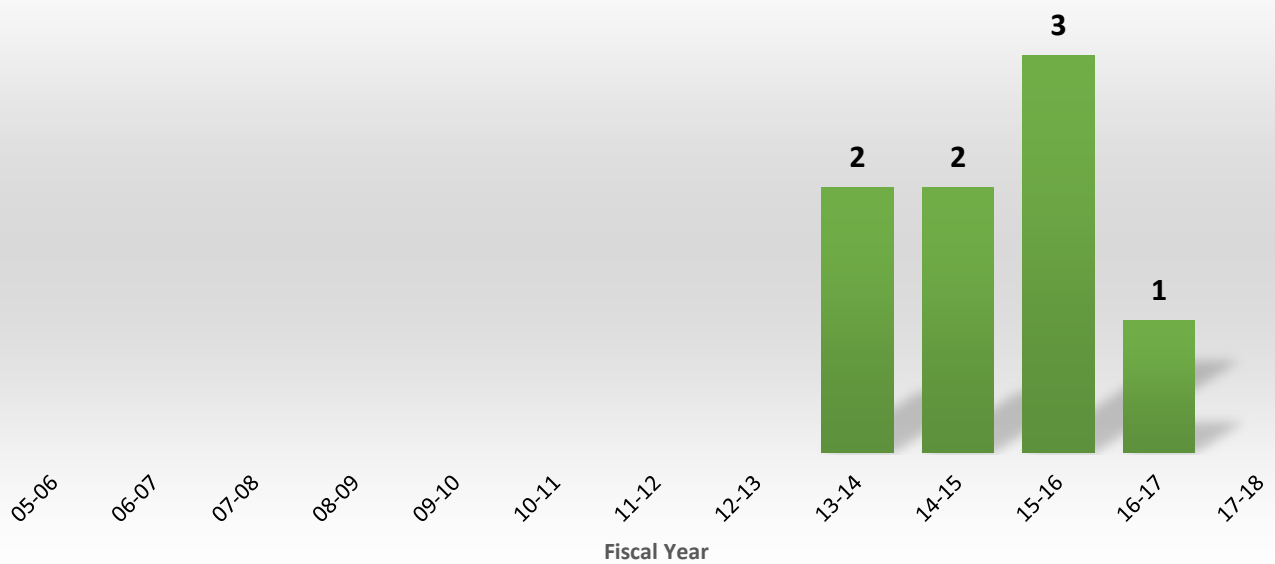

Other Animal Euthanasia

Owner Intended Euthanasia - Cats

Owner Intended Euthanasia - Dogs

“Irremediable suffering” means an animal who has a poor or grave prognosis for being able to live without severe, unremitting physical pain even with prompt, necessary, and comprehensive veterinary care.
