COUNCIL ACTION FORM

SUBJECT: VACATION OF PUBLIC UTILITY, SURFACE WATER FLOWAGE, AND STORM SEWER EASEMENTS AT 397 WILDER AVENUE

BACKGROUND:

The Parks and Recreation Department is planning to construct a future City park at 397 Wilder Avenue (see Attachment A). Currently, public utility, surface water flowage, and storm sewer easements exist over the entire lot, which is owned and maintained by the Sunset Ridge property owner’s association. Prior to development of the park, this lot is to be split by into two separate parcels by plat of survey (see Attachment B). Parcel A will be given to the City for the future park and Parcel B will remain under the ownership of the Sunset Ridge property owner’s association.

As part of this plat, surface water flowage and storm sewer easements will be established over all of Parcel B. The revised easements on Parcel A (park parcel) will include a 10’ wide public utility easement that will be established along the east edge and also surface flowage and storm sewer easements will be created over the northeast corner. Because these easements will be established with the new plat, the current public utility, surface water flowage, and storm sewer easements over the existing lot can be vacated.

Local utility companies were contacted regarding the proposed vacation of the existing public utility easement over the entire lot and the establishment of the new 10’ public utility easement along the east edge of Parcel A. No objections or negative impacts from this change were indicated by any of the utilities.

ALTERNATIVES:

1. Set the date of public hearing as July 23, 2019 to approve the vacation of the aforementioned easements at 397 Wilder Avenue.

2. Reconsider the vacation of the aforementioned easements at 397 Wilder Avenue.

MANAGER’S RECOMMENDED ACTION:

With approval of the plat of survey for 397 Wilder Ave, the new easements will be established in their proper locations and the existing easements will become obsolete. Therefore, it is the recommendation of the City Manager that the City Council adopt Alternative No. 1 as noted above.
EXISTING PUBLIC UTILITY, SURFACE WATER FLOWAGE, AND STORM SEWER EASEMENTS OVER ENTIRE LOT
