**NOTE:** All bid items shall include all labor, material, and equipment necessary to complete the work in accordance with the Plans and the Statewide Urban Design and Specifications, current edition, and City of Ames Supplemental Specifications unless otherwise noted.

### ESTIMATE REFERENCE INFORMATION

**2.1 2010-1.08-D-2 TOPSOIL, OFF-SITE (CY).** This bid item shall include all labor, material, and equipment necessary to place 6" of topsoil in all disturbed areas. Onsite or suitable off site topsoil meeting SUDAS 2010.2.01 and City of Ames Supplemental Specifications may be used. Topsoil shall be rough graded in anticipation of seed bed preparation by others. Payment shall be per cubic yard.

**6.1, 6.2, 6010-1.08-F-0 INTAKE ADJUSTMENT, MAJOR (EA).** This bid item shall be in accordance with Section 6010 of the SUDAS Standard Specifications and shall include all equipment, labor and materials to remove and replace the top and insert to final grade. Prior to removal a temporary debris shield shall be placed. This shield shall remain in place until intake has been adjusted to final grade and concrete poured. The existing casting shall become the property of the City unless otherwise indicated on the plans. Intake castings shall be protected from concrete during concrete placement. The intake shall be opened and cleaned by the contractor prior to final walk-through. Final acceptance will not be granted until all intakes have been opened and verified by the Engineer. Payment shall be per each.

**7.2 7020-1.08-A-0 HMA STANDARD TRAFFIC, SURFACE COURSE, 1/8" MIX, 2" DEPTH (TON).** This bid item shall be in accordance with Section 7020 of the SUDAS Standard Specifications and shall include all labor, material and equipment necessary to lay a 300,000 ESAL asphalt surface to a nominal depth of 2 inches. Minor water valve and gas valve adjustments shall also be considered incidental, unless otherwise accounted for in a separate bid item. Payment shall be per ton.

**7.3 7030-1.08-A-0 REMOVE SIDEWALK & DRIVEWAY (SY).** This bid price shall include all equipment, labor, materials, sawing, hauling, and proper disposal of removed sidewalks, pedestrian ramps, and driveways, as shown on the plans. Any damage beyond the removal limits shall be removed and replaced at the Contractor’s expense. Payment shall be per square yard.

**7.4 7030-1.08-B-0 CURB & GUTTER REMOVAL (LF).** This bid price shall include all equipment, labor, materials, sawing, hauling, and proper disposal of removed curb and gutter as shown on the plans. Saw cutting through existing drives at the back of curb line and at the front of integral curb gutter line shall be considered incidental. Any damage beyond the removal limits shall be removed and replaced at the Contractor’s expense. The bid quantity reflects a 3% overage for general line work. Payment shall be per lineal foot.

**7.5, 7.6 7030-1.08-E-0 SHARED USE PATH (SY), PCC, SIDEWALK (SY), PCC, 6" DEPTH.** This bid item shall be in accordance with section 7030 of the SUDAS Standard Specifications unless otherwise indicated in the plans and specifications, and shall include all equipment, material, and labor to place driveways and 6" sidewalk for pedestrian ramps, common landings and squares, and sidewalks through driveways as noted on plans. Intakes shall be opened and verified by the Engineer. The intake shall be opened and cleared by the contractor prior to final walk-through. Final acceptance will not be granted until all intakes have been opened and verified by the Engineer. Payment shall be per square yard.

**7.7 7030-1.08-G-0 TRUNCATED DOMES, A.K.A. DETECTABLE WARNING SURFACE TILES (SF).** This bid item shall be in accordance with section 7030 of the SUDAS Standard Specifications and shall include all material, equipment and labor to cast in place according to pedestrian ramp sidewalk details in the most current SUDAS Standard Specifications. Detectable warning panels (truncated domes) shall be TuFtile 10 GA Galvanized Steel with Brick Red Powder Coat (Federal Color 22144). No payment will be made until ADA and plan compliance is verified by the Engineer. Payment shall be per square foot.

**7.9 7040-1.08-G-0 MILLING, 1.5" DEPTH (SY).** This bid item shall include all labor, material, and equipment necessary to mill, clean and prep the existing pavement as per plan. Associated sawing of headers shall be required and shall be considered incidental. Any pavement broken or damaged beyond the scarification limits shall be saw cut and removed to a new line and replaced by the Contractor at no additional cost to the City. The Contractor shall dispose of all removed materials at an off-site disposal area.

**NOTE:** All bid items shall include all labor, material, and equipment necessary to complete the work in accordance with the Plans and the Statewide Urban Design and Specifications, current edition, and City of Ames Supplemental Specifications unless otherwise noted.
